IF IT'S PLEASURABLE, IT'S PROBABLY TAXABLE...

In the first full year of the Jimmy Carter administration much of the since the revivification of the meat has become a hot topic. For instance, his secret yearning to spend his post-presidential years as a Baptist Minister, coupled with his formula for instant human rights around the world, has become policy. Reformers have always been convinced they knew what was best for everybody and it was inevitable that they undertake to whip some sense in the dedicated sinners and back-sliders like you and me. This Reform Program surfaced early on when Carter declared war on the mythical Three Martini Lunch, which business folks are supposed to indulge in and charge it off to expenses. The fact that the average Business Lunch does not include any such extravaganzas or, anyway, according to folks who should know since they are selling Biscuits Lunches, don't cut out the process. Texas Hereford Association Elects

Fort Worth — The membership of the Texas Hereford Association elected Palmer Willis of Odessa as the organization's new president at a meeting held here during the Southwestern Exposition and Stock Show. Other officers elected were vice-presidents, Johnny Sumner of Dalhart, Curtis Yeatts of Belton, E. C. Wren of Lexington and James Groto of Llano.

Twenty new directors were elected including: Tom Crump of Seguin, Fred Case, Eldorado, Elton Dudley, Comanche, Weldon Davis, Coleman, Jim Luther, Leon Noels, Rockdale, Randall Jackson, Abilene, Roy Harman, Caldwell, Ed Latham, Dalhart, Weldon Edwards, Clyde Nelson, Hoon, Happy, Jim Humphries, Guthrie, Ed Willis, Lampasas, O. L. Williams, Tennessee Colony, Jay Humphrey, Fort Worth, Silly Smith, George West, Jim Stafford, Dallas, Dr. N. D. Thomas, Ft. Worth, and A. P. Van Winkle, Dallas, Texas. Reagan Browne, Texas Commissioner of Agriculture, addressed an enthusiastic crowd during the Hereford meeting with timely comments on the trends now occurring in the agricultural community. Brown urged the group to resist government control but asked for cooperation of the cattlemen in marketing their products, pointing out that the Texas Department of Agriculture's T-A-P Program is an effective tool at their disposal. Brown also predicted an upturn in the demand for agricultural products in the coming years.

Highlighting the Hereford gathering was the sale of 608 head of commercial Hereford calves. The sale was held by the Texas Hereford Association and the Texas Department of Agriculture. The sale was a success, with all calves sold at an average price of \$332 per head. The sale was held at the Southwestern Exposition and Stock Show, Fort Worth, Texas, on February 10, 1978.

Maine-Anjou Bulls Hold Top 1976-77 Averages

Maine-Anjou percentage-blood bulls hold top averages in 1976-77 Performance Tests of the Indiana Beef Evaluation Program.

Twelve herds participated in the Fall '76 and Spring '77 tests. Of these, only Maine-Anjou bulls had an ending weight per day of age over three pounds with an average overall of 8.02 pounds. Maine-Anjou also held top averages daily gain with 8.44 pounds.

The Fall '76 test has four 4-blood Maine-Anjou bulls on test for Dave Garrett, Cox Valley Farms, Scottsburg, Ind. This performance test will end March 31, 1978, with the top 76% of each breed eligible to sell in the Indiana Beef Evaluation Program Sale April 13, 1978.

The Indiana Beef Evaluation Program began performance testing in 1978 to (1) promote performance testing of beef cattle; (2) complement on-farm

Maine-Anjou Assn. To Hold Seventh Convention

The American Maine-Anjou Association announces its Seventh Annual Membership Convention and Sale to be held Feb. 18-20 in Des Moines, Iowa.

This year's convention and sale is being held in conjunction with the Second Annual Iowa Winter Beef Expo. The Expo is already being noted as one of the prestigious cattle shows in the Midwest.

Iowa is one of the fastest growing Maine-Anjou states, and coupled with down-home Midwest hospitality, that makes Des Moines a perfect convention spot. Des Moines is the crossroads of two interstate highways—180 and 136—and Webster Inn, convention headquarters, offers limousine service from the airport.

Convention registration begins at 1:00 p.m. Feb. 18, with a "Cowboys Party" that evening which will be open to the membership and selection of new board members. The evening program includes membership banquet, dancing, and presentation by AMAA President, Wallace Wilkerson of Director and Maine-Man of the Year award.

For further detail on the Seventh Annual AMAA Convention and Sale, contact the AMAA office, 584 Livestock Exchange Building, Kansas City, Mo. 64108 (816/474-9555).

A preview parade of new animals will kick off the afternoon sale. The National Sale will feature some 50 head of the top Maine-Anjou need stock in the country.

Maine-Anjous Take Top Honors At Denver Stock Show

Two Maine-Anjou crossbred steers topped 225 other entries to be named Grand and Reserve Champion steers at the National Western Livestock Junior Steer Championship in Denver, Colo.

Big Talk, a 1280-pound Maine-Anjou-Angus crossbred steer shown by Dallas Craig Talking, McCook, Neb., received the grand champion slip from Judge Joe Lewis, Larned, Kan. The steer was bred by Hartman and Peters, Elk Creek, Neb., and was selected as champion over five other breed champions.

After the selection of the grand champion, the reserve crossbred steer, also a Maine-Anjou cross, joined the champions line-up and went on to become the reserve champion steer of the show. The 1241-pound reserve champion steer, named Gentle Ben, was shown by Monto DeJong, Konnebec, S.D. The steer was bred and raised by DeJong Brothers.

In the sale that followed, Nicky's Restaurant, Estes Park, Colo., paid \$18 a pound for the 1250-pound grand champion, Big Talk, for a total of \$16,250. Houston — The Texas Angus Association's Top of Texas all-familio Angus sale will be held at 7 p.m., Wednesday, Feb. 22, at the Houston Stock Show.

The sale in the Aetrohall will feature 36 lots of selected families from the top herds in Texas. Those families are: Red of the Very Emulous, Western Camfield and Erdmann breeding in heifer calves, bred heifers, and cow-calf pairs.

For further information contact Jim Reeves, secretary, Texas Angus Association, 109 Livestock Exchange Building, Houston, Texas 77106, phone 817/625-2733.

pects poultry production will increase 4 to 8% above year earlier levels.

Thus, Wood expects that despite the cattle and hog slaughter, a marketable beef for 1978, overall meat supply will be up 8% during the first half of 1978 and up 1 1/4 or 2% during the second half.

There is some reason for hops in the general economic forecast for 1978. Wood expects disposable personal income to rise 4 to 5% in 1978.

This, in combination with a small rise in population and an increase in employment will support demand for meat this year.

Wood's specific price projections for 1978:

First Quarter: Choice fed steers, \$40 to \$42 per cwt.; choice, 600 lb. feeder steers, \$45 to \$50.

Second Quarter: Fed cattle will start around \$40, trend higher to \$46 by June; yearling prices could climb past \$45 if grain prices remain low.

Third and Fourth Quarters: \$43 to \$45 for fed cattle, no remarkable increase in feeder prices.

So, Wood foresees a 1978 with less profit than say 1972; but neither does he expect it will be as dismal as the "horrible" years of 1974-1977. He expects the market will have its ups and downs, periods of profitability and periods of loss.

Wood suggests the day may return when meat producers can "hold" cows, bulls, replacement heifers and feeder steers for better market prices.

If you should find yourself with an inventory of cattle and sheep prices depressed at the time," he suggested, "give serious consideration to feeding them yourself in a custom feed yard."

Wood will be enough ups in the market to allow a good choice for producers; yearling prices could climb past \$45.
